Optum Home and Community Care

# Care is shifting home at a dramatic rate.

## 91%

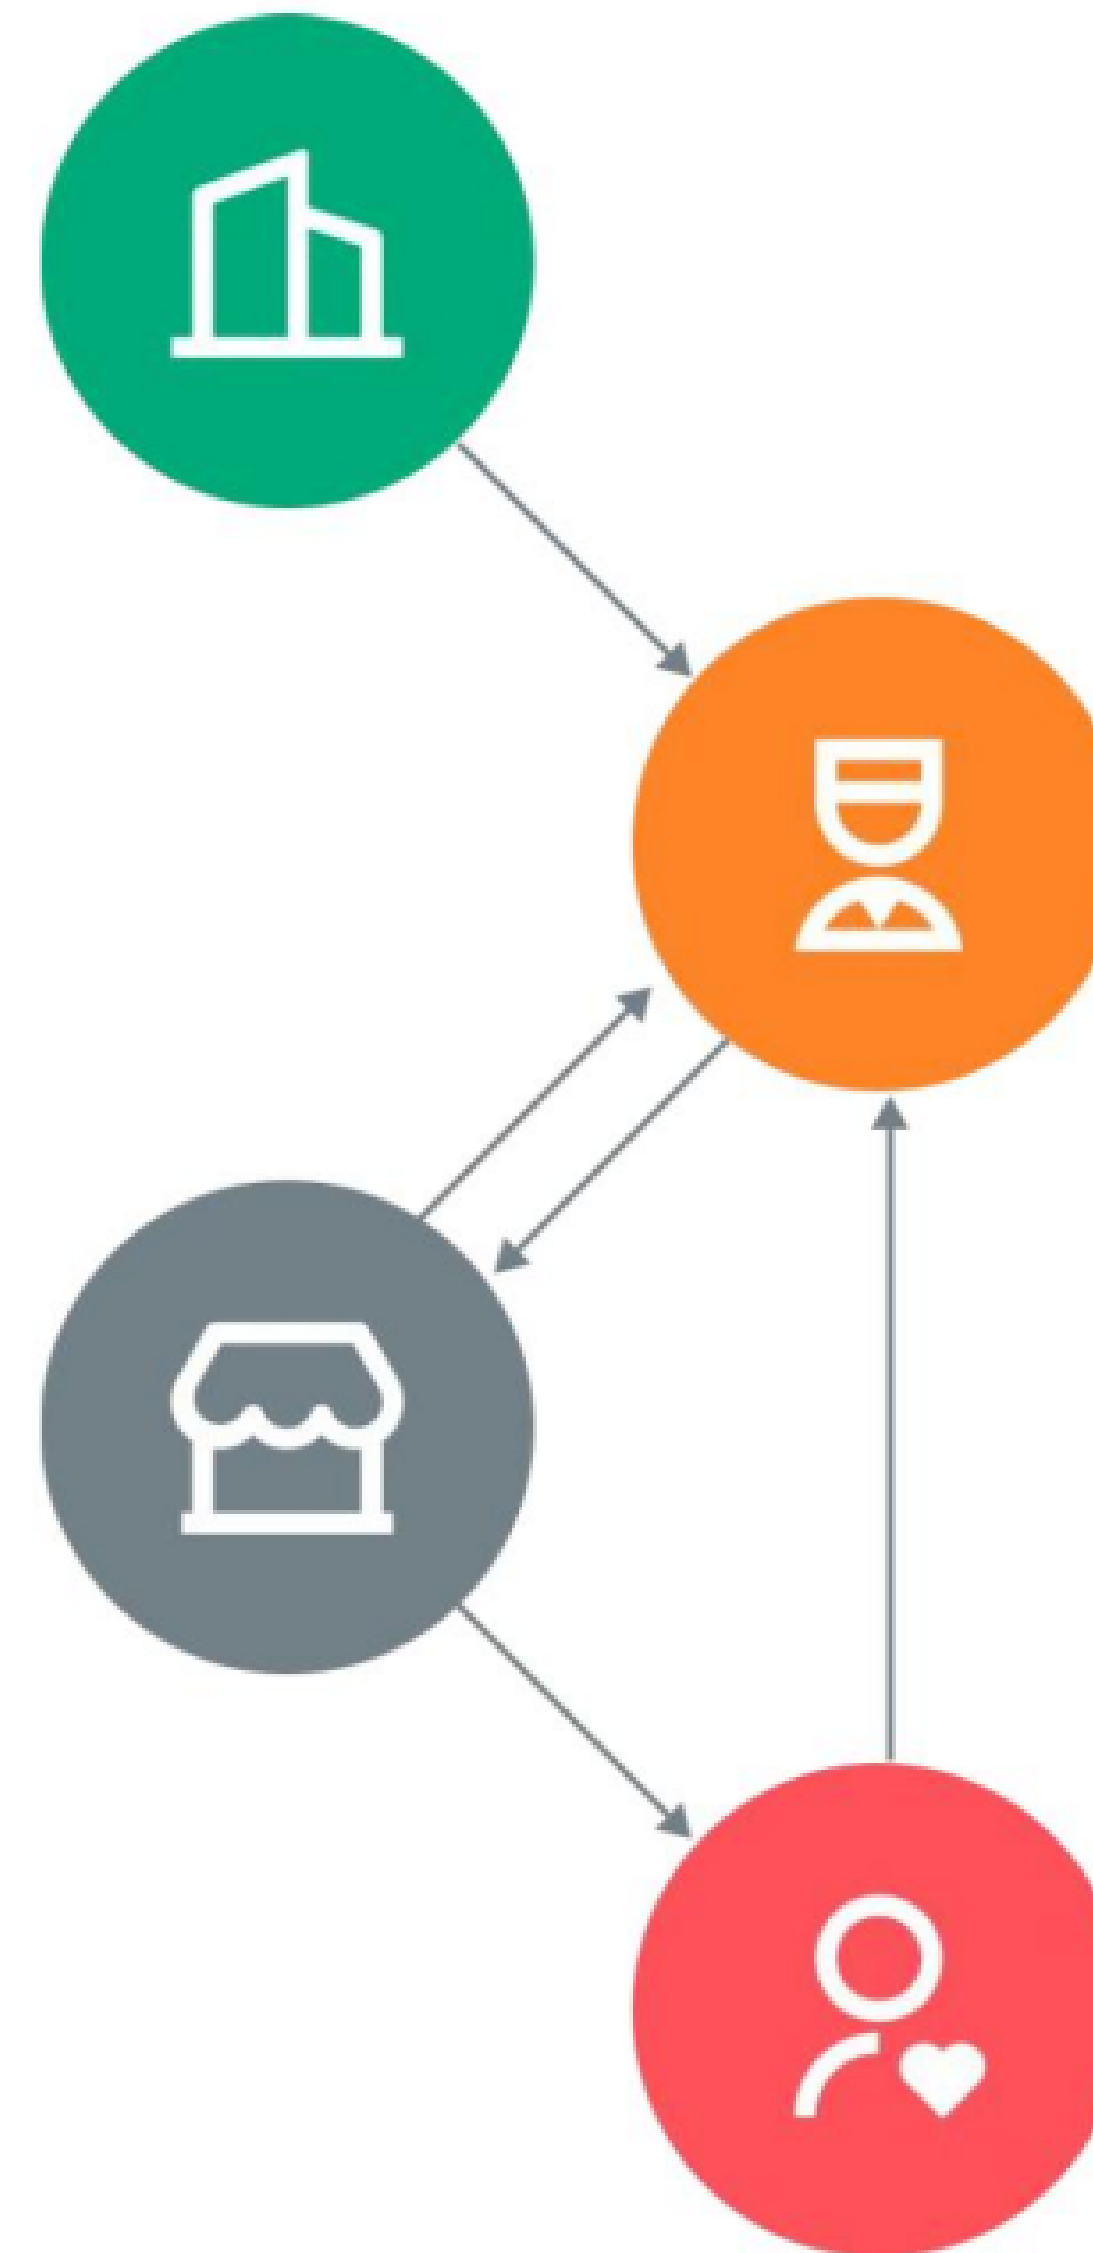

of health plans are seeking programs to move care to the home in 2022

# Today's process is fragmented.

There are **32,000+** unique providers of home-based care equipment, services, and supplies with no standards for quality.

## Payors:

Insurers manage fragmented home-based care with no standards for quality

## Referring Providers:

Medical professionals **fax or order over the phone**, with no closed loop on the patient experience

## DME Suppliers:

Struggle with shrinking margins and **no insight into quality and performance** criteria for value-based payments

## Patients

72% suffer from inefficiencies and **delays in care**, often resulting in costly readmissions

# Everyone wins leveraging our solution, resulting in better care outcomes for patients.

**Payors** save **15%** on home-based care spend, with increased quality and improved patient outcomes.

**Patients** start care on time **95%** of the time, compared with an industry average of 50%.

**Referring Providers** spend **45%** less time ordering and managing home-based care.

**DME Suppliers** spend **60%** less time processing orders, reducing operating costs and getting supplies to patients faster.

# But **patient care** falls between the cracks.

**72%**

of patients report significant difficulty getting prescribed DME across fragmented suppliers.

**1 in 10**

patients report readmissions, medical complications or emergency care due to DME delays.

average patient rating of the largest medical equipment & supplies providers.

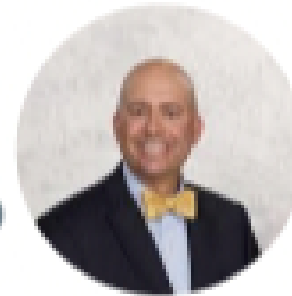

When Vijay was taking care of his mother's Stage 3 cancer, he had to personally work with over a dozen different providers to manage her care at home. **Due to delayed and mismanaged equipment, she had to be readmitted to the hospital twice.**

# We've proven our ability to coordinate care with material value to insurers like Geisinger Health Plan.

"**Tomorrow Health ensures that GHP members receive the highest quality of care at home.** We're delighted to be able to offer exceptional patient support and transparency between patient, provider and supplier."

—**John Bulger**, DO, MBA, Chief Medical Officer at GHP

## Geisinger Health Plan's footprint:

**550,000+** patient lives covered

**5,000+** in-network referring providers

**180+** in-network suppliers

**97%**

**Patients** start care on time, compared to an industry average of 50%

**45%**

**Less time spent** by referring providers, ordering and coordinating home-based care

**9.5**

**Patient satisfaction** compared to industry average of 1 out of 5 stars

**Patients** finally have a trusted partner to access timely and affordable care they deserve.

**90+**

CSAT Score over the last 12 months

**95+**

Patient NPS reflected in unparalleled service

[Hear directly  
from our patients](#)

“He helped with issues I tried resolving for months with my son's DME provider. He **fought on our behalf**, called daily with updates, and connected us with a better provider. So thankful for his help with getting what my son needed.”

— Jaime M. on Justin, Care Advocate

# **Tomorrow**, patient care will be seamlessly coordinated at home.

Imagine a COPD patient with:

- CPAP machine and supplies from a reliable supplier
- Visits with a respiratory therapist at home
- Connected pulse oximetry remote monitoring devices

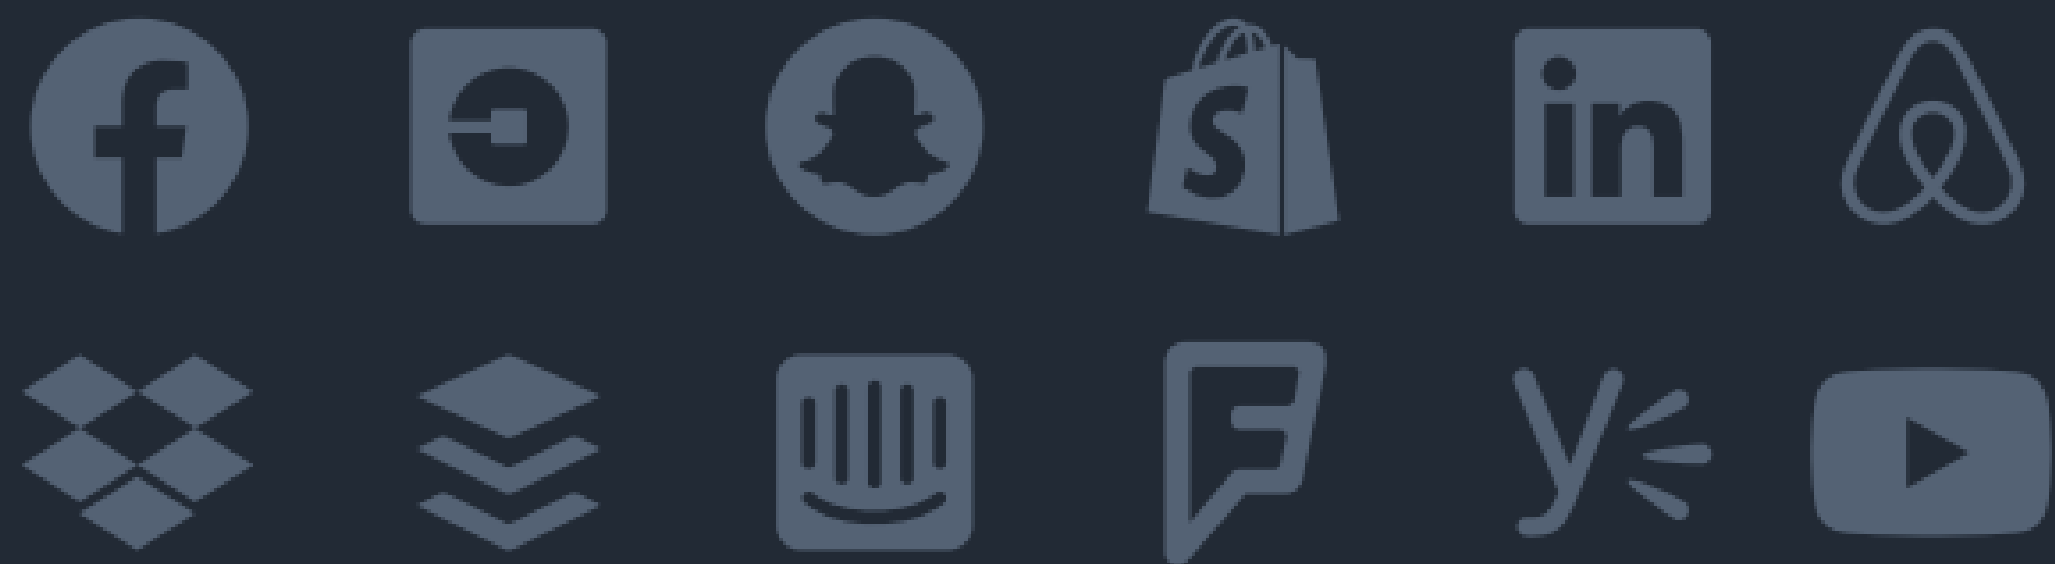

**All tracked and managed through a connected, partner enabled, home-based care ecosystem.**

**Equipment  
(Oxygen &  
Mobility)**
